Exquisite Beauty . . in appearance
in Fine Craftsmanship . . in Tonal Grandeur

and featuring

TONE-ARAMA

Minshall Organs climax a brilliant history of pioneering and progress with TONE-ARAMA, a unique twin-speaker system that adds new dimensions to the radiant beauty of Organ Music.

This dramatic Exclusive (featured in all Minshall ORGANS) floods the room with Musical grandeur. Every corner — the entire area comes alive as music is projected in every direction — with tonal value and quality never before achieved.

This is TONE-ARAMA! An exclusive feature that makes your modern Minshall Easy-to-play ORGAN a gratifying excursion into the realm of musical perfection.

Model "OLYMPIA"

"the speech of angels"

To bring the true "Speech of Angels" — the revered music of worship to your church, there is no finer instrument than the Minshall "OLYMPIA" ORGAN.

A masterpiece of versatility, the "OLYMPIA" is ideally suited to the largest Church or the smallest Chapel.

You'll thrill to its glorious grandeur, and its remarkable fidelity of tone — produced by the chorus generator actually rivalling the tonal beauty of a "grand" organ featuring exclusive TONE-ARAMA and two full 61 note manuals with 25 note concave radiating pedal board. Superb Craftsmanship, available in Mahogany, Limed Oak . . . and Fruitwood.

"fully worthy of the world's most hallowed music"

Model "MT. VERNON"

This ingeniously engineered MINSHALL ORGAN opens the portals to a wonderland of musical pleasure for the whole family. Marvelously responsive . . . radiant in tone and clarity . . . the ideal HOME Organ.

Remarkable versatility . . . simplifies playing for the beginner, and its smooth responsive action meets the demands of the most accomplished Musician.

Combines rugged long-lasting construction, with eye appealing beauty. Attractively styled in fine wood with a choice of several handsome decorator finishes, the Minshall "MT. VERNON" is a handsome addition to any home.

Features Exclusive TONE-ARAMA and Two 44 note overhanging keyboards, with 13 note pedal board. Molded keys (key spacing corresponds to A.G.O. Standards). Designed with Vibrato and brilliance controls . . . conventional stop tablets . . . intermanual coupler. Completely electronic, no moving parts to wear out in tone generator.
